

# Flatbed Scanner Unit 101.

Optional Flatbed Scanner.

you can

Simple to connect, the optional Flatbed Scanner Unit 101 sets a new standard of productivity.

### The ultimate workgroup convenience.

Here's the ideal way to scan bound, fragile or outsize documents. Plug-and-go simplicity plus easy operation make it the perfect flatbed scanner to share in and across departments – and it's easy to store when not in use.

### Drive up productivity.

You can speed up processing with continuous 'open scanning' thanks to the unique ambient light cancelling mode; and with scanning speeds of under three seconds to scan an A4 page, the Flatbed Scanner Unit 101 helps teams work up to 50% more productively than many competitors' products.

### High performance as standard.

The Flatbed Scanner Unit 101 has a high optical resolution of 1200dpi and provides access to a host of advanced image processing features. So you're assured premium quality results scan after scan.

### Outstanding features and benefits include:

- Simple USB connection to a wide range of DR-series scanners
- High-speed capture gives up to 50% greater productivity
- A unique ambient light cancelling mode for rapid open scanning
- Capture documents as large as LEGAL size
- A flexible cover takes the strain out of scanning bulky volumes
- High-quality 1200dpi scanning
- A seamless interface with imageFORMULA devices for dual capture
- Access to the DR-series' powerful image processing features
- Easily stowed away when not in use
- Compliance with ENERGY STAR standards for lower running cost

### Connectivity Diagram

#### DR-2010C / DR-2510C / DR-3010C

When using the DR scanner that uses an AC adapter, Flatbed Scanner Unit 101 is connected between DR scanner and PC.

#### DR-4010C / DR-6010C / DR-6050C / DR-7550C / DR-9050C

When using with the DR scanner that has power supply built in, connect both Flatbed Scanner Unit 101 and DR scanner directly to the PC.
